Where do I find my work?

Students are well trained as to where to find their assignments. Please make sure they are working. If your student is ill, please let us know immediately. We will communicate with teachers to let them know that the work will be coming in slower than others possibly. If your student is quarantining and not ill, YOUR STUDENT MUST BE MAKING ACADEMIC PROGRESS. Teachers will open assignments on Canvas in class during the correct time slot. Students need to be paying attention and working. Email teachers with any issues. I have attached a link that will help parents navigate where to find assignments for each teacher. Just find your teacher's name and you will be able to go directly to your assignments and where to turn them in.
