

## Sentence Style *un*-Scramble from The Outsiders

**Directions:** Cut out the pieces to two different sentences: Sentence One and Sentence Two. Working with one sentence at a time, move the pieces around until you have a sentence that makes sense. Use clues from capitalization and punctuation provided. Once you have a sentence that makes sense and is correctly punctuated, write it down in the Response section of your Writer's Notebook. Then return the pieces of Sentence One to the appropriate envelope. Repeat with Sentence Two. When you show Ms. Durham your work, she will show you the author's version of the sentences.
