

Welcome Future Leopards and Parents:

It is time for 7th grade enrollment at Southridge Junior High. We hope you are as excited as we are for the 2021-2022 school year. Seventh grade is an important transitional year, and we want to do everything possible to make it a positive and successful experience for you.

Traditionally, we have an in-person enrollment night for you to familiarize yourselves with the school and to see a presentation containing important information you will need to know. Due to COVID, the format for 7th grade enrollment will look a little different this year. However, you can rest assured you will still receive all the information you need to know.

As outlined on the back of this letter, it is imperative that you complete the online registration (OLR), as well as turn in the completed course enrollment form (attached) to your elementary school to be considered fully enrolled at Southridge Junior High. You will use Parent Portal to complete the OLR; if you don't already have Parent Portal, use the link on the back for instructions how to get a Parent Portal account.

Students must be current with all required immunizations before the first day of school in August. If your student is already current including the Tdap, you may turn in the immunization record to your elementary nurse. If you update during the summer, you may turn the updated record in at Southridge beginning August 1st.

You will be required to upload a current proof of residence as part of the online registration. The proof can be a gas, water, or electric bill, mortgage or lease and per district policy, we cannot accept "cut off notices." If you are unable to upload it, you will need to provide a copy of your proof to the school prior to the first day of school in August.

We look forward to meeting our future Leopards!

Melanie Smith
Principal
Southridge Junior High
