

Cultural Collage Assignment

You are creating a cultural collage based on your culture. This project will increase your knowledge of your family's culture. You may create your collage on just your culture or a combination of our culture and your family.

1. Conduct research on your culture to learn words, facts, and symbols that could be used as artifacts for your collage. Artifacts tell us interesting things about a culture. Every culture has artifacts that have religious, social, or medicinal significance. Examples of artifacts are:
 - Official symbols or emblems, such as a flag, motto, song, prayer, pledge, food, flower, costume, or animal.
 - Famous people, places or events (avoid catastrophic events)
 - Features of everyday life, such as dance, music, celebrations, traditions, or religions.
 2. The research can be from the Internet, maps, books, or even from your family members.
 3. Make a list of words, symbols, or facts for each letter of the alphabet on the planning page.
 4. Interview a family member for information about your culture. Write down the information that they tell you, so that you can use the information for the different letters.
 5. As you collect information, start brainstorming ways to combine these into a collage. Be sure that the illustrations show respect to your selected culture's dress, dance, beliefs, and overall culture.
- You must have at least **six** pictures on your collage. The poster should be at least $\frac{3}{4}$ full.
 - On the back of your poster, write **three** sentences explaining your picture choices.
 - Your collage must consist of color. You may find your pictures in magazines, internet, family pictures, or drawings.
