**\*\*PLEASE READ - IMPORTANT NOTES\*\***

- All Full-Time MVA students will take Careers (1st semester) and Keyboarding (2nd semester) as their electives.
- On campus enrollment in elective courses depends on elective availability and does not guarantee placement.
- Honors courses are designed to move through curriculum at an accelerated pace and require a heavier load of outside work (homework, projects, reading). Students who have demonstrated a strong work-ethic AND commitment to academic performance in the past are more likely to be successful.
- Students taking Honors Algebra I will receive 1 unit of high school transcript credit but does not count towards the 3 math units required to graduate.
- To access course descriptions: <https://www.mooreschools.com/Page/78>
- A full-time internet student has a full load of six classes, all of which are taken virtually through Odysseyware.
- Odysseyware is an online curriculum for students in grades 3-12 used by Moore Virtual Academy. This platform is curriculum delivery only. There is no teacher assigned to assist students with course content.
- If a supplemental student is leaving campus during the day, there will not be MPS transportation available. Students will be permitted to ride the bus before or after school. Supplemental students are to arrive 5 minutes before class and leave within 5 minutes after class.

I APPROVE OF MY STUDENT ENROLLING IN THE ABOVE COURSES: \_\_\_\_\_
