

Southmoore High School Summer Reading

For

Incoming 9th Grade Honors English Students

2020-2021

Students will choose a high-school level book to read over the summer. Students may choose a book in their interest area. Books must be 200 – 300 pages or more. Elementary level books are not appropriate.

Work over the book will be assigned after students report to class the first week of school.

Some good places to find lists of high school books are:

Goodreads.com

Booksource.com

Epicreads.com

The librarians at the Pioneer Library here in town are also very helpful at helping you find books.

We know that all books are not appropriate for all readers, therefore we ask that your parents are involved in helping you select a book in your family's comfort level. The librarians at the Pioneer Library System can also help with this.

IF you have questions, please email me at staceyferguson@mooreschools.com.
