

8th Grade Pre-AP General Science
 Science Fair Project Timeline
 Mr. Robb

This timeline is subject to change(s).
 All sections (rough drafts and final drafts) must be typed and single spaced.
 You must use twelve point font.

August 31 Friday	Introduction of semester project options. Explanation into the development of scientific topics. Discuss criteria for each option. Begin brainstorming for ideas.
September 6 Thursday	Ten potential topics due. Must be in the form of a question.
September 7 Friday	Final topic for project due. Must be in the form of a question. Include a short (Five to Ten Sentences) description of project.
September 10 Monday	Overview of general guidelines and expectations of a science fair project. Overview of the timeline. Explanation of hypothesis, materials, and procedures sections. Explanation of the research process and bibliography section.
September 17 Monday	Rough draft of problem, hypothesis, materials, procedures, and bibliography are due.
September 17 Monday	Explanation of purpose section. Review of research and bibliography sections.
September 24 Monday	Updated and revised problem, hypothesis, materials, procedure, and bibliography due.
September 24 Monday	Experimentation may now begin, especially if project is lengthy.
October 1 Monday	Rough draft of purpose and research sections due. Updated bibliography due as well.
October 15 Monday	Explanation of observations, results, conclusion, acknowledgements, and abstract.
October 15 Monday	Updated purpose, research, and bibliography due. You do not need to turn in previous sections.
October 29 Monday	Rough draft of observations, results, conclusion, acknowledgements, and abstract are due. You do not need to turn in previous sections. Overview of board display guidelines and expectations.
November 9 Friday	Updated and revised draft of science fair project report is due in the correct order and format. Every section must be included. Include a title page and table of contents. A drawing showing rough draft of board display is also due.
November 27 Tuesday	Completed science fair project (board display and final draft of report) is due.
